MEET

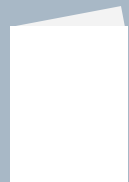

**HI THERE!
I'M KUB!**

Welcome to chemistry! My focus is to not only to ensure you have a strong fundamental understanding of chemistry concepts but to also provide you with a chance to develop analytical and problem solving skills.

GOOGLE CLASSROOM

Most class documents can be found in the Google Classroom. I will give codes in class and you will write it here:

MATERIALS

Class specific
binder &
paper

Colored
pencils,
pens, pencil,

Calculator

GRADES

70% MAJOR and 30% minor

District Policy

This will be further discussed in class.
Late work will NOT be given full credit.
Students are responsible for obtaining
their missing work

YEAR AT A GLANCE

QUARTER 1

*Matter, Atoms & Periodic Table
Electrons in the Atom*

QUARTER 3

*Math and Measurement
Chemical Reactions
Stoichiometry*

QUARTER 2

*Bonding & Molecular Geometry
Nomenclature
Introduction to Moles*

QUARTER 4

*Gases, Solutions & Acid/Base
Thermochemistry*

* Units are subject to change as the year progresses
